Office of the Governor

With funding from the New Hampshire Charitable Foundation, the Council approved the creation of a new position in the Governor's Office, a senior behavioral health coordinator. The position will work with the Commission on Drug and Alcohol Abuse Prevention and stakeholders in the public and private sector to coordinate the state's efforts on substance abuse.

Rail Study Update

The Council extended the contract with URS Corporation to finalize the capitol corridor passenger rail study. The report will be released later in December of this year and the study will come in \$1.2 million under budget.

Welcome Center Study

The Council approved a \$262,000 contract to study the state's sixteen welcome information centers, including the one on Route 4 in Epsom. Proposed Docks in Manchester

The Council tabled an item that would implement a restrictive covenant to conserve land and protect a bald eagle habitat on the property of the Pointe at Riverfront condominiums in Manchester. The covenant would also permit docks to give resident's access to the Merrimack River. The item may come up for a vote at the next meeting of the Governor and Council.
